My first styled page

Welcome to my styled page!

It lacks images, but at least it has style. And it has links, even if they don't go anywhere...

There should be more here, but I don't know what yet.

Task-9

User Registration and Display System

Objective:

Create a simple web-based system using **HTML, Bootstrap, JavaScript, and arrays** that allows users to **register their details** and view the registered users in a structured format.

Tasks:

- **Home Page (index.html)**
 - Buttons to navigate to **Register** and **View Users** pages.

- **Registration Page (register.html)**
 - Form with fields: **Name, Email, Contact, Address**.
 - On submission, store user details in **localStorage** and reset the form.
 - Provide a link to the **View Users** page.
- **View Page (view.html)**
 - Display registered users in a **Bootstrap table**.
 - Fetch user data from **localStorage**.
 - Provide a link to return to the **Register** page.
- **JavaScript (script.js)**
 - Handle **form submission, data storage, and retrieval**.
 - Ensure data persists after page reload.
